10x Concentrated Fadogia Agrestis

ALLMAX Fadogia Agrestis supports natural testosterone production, increased libido and improved physical performance and strength.*

Fadogia agrestis is a short bush plant belonging to the Rubiaceae family. Fadogia agrestis has been used for centuries in traditional African medicine to support muscle building, improve athletic performance, treat erectile dysfunction and increase testosterone. Additionally, it is believed to have a variety of health benefits, including reducing inflammation, improving blood circulation, boosting the immune system, and aiding in digestion.

Every capsule contains premium unadulterated Fadogia Agrestis in a 10X concentrated extract providing support for athletic development, muscle mass, and all-day energy.*
