

YOUR MOST XTREME PUMP EVER!

Growth-Stimulating Pumps

Sour Gummy -US1001

To achieve maximum muscular growth, a pump (or hyperemia) is essential. We created IMPACT PUMP XTREME to deliver exactly what you need to achieve that envy-inducing next level pump every time you train. This formula delivers only the best, cutting-edge, scientifically validated ingredients to achieve MASSIVE Pumps for MAXIMUM Growth.*

Bodybuilders have long sought the exhilaration of pulse-pounding pumps. They loved the look and feel but what they didn't all know was that the pump was also physically causing profound muscle growth. Physical pressure on the cells caused by the pump during intense physical training triggers myofibril hypertrophy (muscle cell growth). IMPACT PUMP XTREME has combined all the best pump-inducing ingredients at full clinical dosages into one powerful formula.*
