

R+ALA

- Deactivates Cell Damaging Free-Radicals*
- Promotes Healthy Glucose Metabolism*
- Advanced Stabilized Na-R-ALA*

R-Alpha Lipoic Acid

THE ULTIMATE UNIVERSAL ANTIOXIDANT — The R+ALA version of ALA is the purer form of Alpha Lipoic Acid. R+ALA acts as a source of antioxidant and helps the body to reduce the oxidative effects and damages caused by free-radicals. In addition, it helps to promote a healthy glucose metabolism for converting sugar into energy.

The reformulated Allmax R-ALA features Na-R-ALA (Sodium R-Alpha Lipoic Acid), a stabilized form of R-ALA with superior absorption and bioavailability compared to regular ALA and unstabilized R-ALA. We've also increased the input from 150mg to 212.5mg, raising the active yield from 125mg to 150mg. The improved R-ALA formula delivers enhanced potency and better value—all at the retail same price!

Make the switch to the purer most bio-active ALA, ALLMAX R+ALA.

Supplement Facts

Serving Size	1 Capsule
Servings Per Container	60
Amount Per Serving	% Daily Value
R-Alpha Lipoic Acid 212.5mg	†
(Yielding 150mg of active R(+)ALA Isomer from NA-R+ALA and R+ALA)	
† Daily Value not established.
