A True, All-in-One, Fat Burner

RAPIDCUTS[®] SHREDDED is simply the strongest, most advanced and most comprehensive fat burning product we have ever produced. The science is undeniable and the results are truly impressive. RAPIDCUTS[®] SHREDDED was created with a single focus; to create a formula specific to and exclusively for fat loss.*

GREEN COFFEE EXTRACT

Rapidcuts thermogenic fat burner is formulated with Green Coffee Bean which supports normal, healthy insulin levels, especially following meals. Higher insulin levels can literally turn off fat loss. Unlike coffee beverages, green coffee bean extract does not go through the roasting process, rather, chlorogenic acids are the key ingredient that support the weight loss benefits of GCBE.

CINNULIN PF - 20:1 CINNAMON EXTRACT

Cinnulin PF is a water-soluble extract of cinnamon produced from a superior source of cinnamon bark. It supports healthy glucose and cholesterol management, and offers antioxidant protection. Studies using Cinnulin PF found it reduces blood sugar and body fat, increases muscle mass and decreases systolic blood pressure.

ASHWAGANDHA

Ashwagandha is a renowned Ayurvedic adaptogenic botanical grown in India which has been revered for thousands of years for its ability to balance, energize, rejuvenate, and revitalize.

RAPIDCUTS[®] SHREDDED features the extreme fat loss formula designed for men and women who are aiming for extreme competition level results. This is the most powerful and effective weight loss formula we have ever brought to market.*
