

TESTO FX

- Supports Free Testosterone Production*
- Helps Reduce Cortisol Levels*
- Source of Antioxidants*

Promotes Testosterone

TESTOFX™ is our research-based, scientifically-validated, 5-Stage Testosterone Support. TESTOFX™ is a Powerful Clinical Strength Formula; complete with the full dosage of active ingredients as indicated to be effective by research. The quality and purity of the ingredients in this formula are truly second to none.*

ALLMAX has been meticulous, even borderline obsessive, in selecting the highest potency ingredients found in the best research from around the world. Don't take our word for it, review our Supplement Facts panel; you'll find nothing but the highest quality ingredients, each with fully disclosed percentages of standardized active ingredients.

Rise In Bioavailable Testosterone Levels was Highly Significant*

Results clearly indicate that key ingredients in TESTOFX™ have a positive effect on biologically active Testosterone. The increase in Bioavailable Testosterone levels in the active group of participants was 284% over the placebo group. TESTOSURGE®[†] Increases Bioavailable Testosterone from 5.9 to 28.1%*

99% ACTIVES: We believe in providing 'ACTIVE' ingredients, not "OIL"! Every capsule of TESTOFX contains 99% active ingredients, NOT FILLER! **100% OIL-FREE:** TESTOFX is an OIL-FREE dosage form concentrated into 3 Rapid Release Caps. Many products on the market today hype "liquid technology". Bottom line, almost 50% of the content in these capsules is INACTIVE oil.

284% increase in bioavailable testosterone takes place in only 12 hours and is within physiological limits!*
